LENOVO

ThinkCentre Neo 50t

V55t Gen 2-13ACN

ThinkCentre Neo 50t

This new Thinkcentre is designed for growing businesses that demand quicker response times and faster collaboration. Equipped with the higher processing power of 12th Gen Intel Core processor and up to 64GB (3200MHz) memory, it helps to do just that, and more. Discrete Intel UHD graphics enables faster responsiveness for an enhanced content creation and editing experience. With up to 16 Gen4 PCIe slots, customize and upgrade the system as and when needed.

REASONS TO BUY

The optional Smart Cable enhances connectivity between two computers, while the Intelligent Cooling Engine (ICE 5.0) automatically adjusts the CPU activity with your work modes, maintaining optimum performance even during long computing hours.

Equipped to enhance collaboration with high-speed USB ports like USB 3.2 Gen1 and USB 2.0. Additionally, VGA, RRP, and HDMI 1.4 ports enable faster video and data transfers.

The device is energy-efficient, with Energy Star 8.0 and EPEAT Gold certifications, ensuring businesses save money and reduce environmental impact.

ThinkCentre Neo series offers organizations enhanced manageability and security features, along with additional confifiguration and expansion options.

Lenovo V55t Gen 2-13ACN

This desktop is a great choice for refreshing old devices or supporting the needs of an expanding workforce. Behind the modern, professional design, is a desktop built for today's business environment of office productivity and cloud-based apps. Everything works faster and easier with the latest storage technologies, up to AMD Ryzen 7 processor, a self-help software tool, and plenty of USB ports for connecting office peripherals and charging mobile devices.

REASONS TO BUY

Firmware Trusted Platform Module (fTPM) offers chiplevel encryption options, while the Kensington™ Lock slot, Padlock Loop, and Smart Cable Clip prevent physical theft. The improved BIOS interface with user-friendly prompts and graphical options makes setting up an easy task.

No user will run out of USB ports with this desktop; there are 8 in total with 4 on the front, including 2x high-speed ports for faster data transfer.

An energy efficient desktop with optional EPEAT Silver and Energy Star 8.0 certifications.

Lenovo V Series desktops offer exceptional value for money, and are available in a range of sizes and performance configurations to meet the varying needs of your workforce.

ThinkCentre M70q Gen 3

ThinkCentre M70q Gen 3

Designed for evolving and shrinking workspace, this compact desktop is equipped with productivity-boosting features. It has up to 12th Gen Intel Core i9 processor and up to 64GB (3200MHz) memory. Easy to deploy, manage and upgrade with tool-less access to the SSD and memory module, it also comes with optional Wi-Fi 6 technology, which can enable faster internet speeds with compatible routers. Content developers can work seamlessly with its discrete Intel UHD graphics that enhances responsiveness.

REASONS TO BUY

For easy multitasking, users can connect two 4K displays using the onboard DisplayPort and HDMI ports. Security solutions, including TPM 2.0 chip for data encryption and Kensington security slot for device safety, ensure all-around data and device security.

Connect multiple peripherals with the option of up to 9x USB ports (7 onboard, 2 optional); and with 2 M.2 slots, customize and expand the system as and when needed.

This device is highly energy efficient, with Energy Star 8.0 and optional EPEAT Gold certifications, ensuring businesses save money and reduce environmental impact.

MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

The ThinkCentre M7 Series Tiny offers full desktop computing performance in an ultra-small design, with the latest enterprise security features.

Workstation PC P350

MOST POWERFUL ENTRY WORKSTATION

Mission-critical tasks require superior reliability and powerful performance; the **ThinkStation P350** leads on both counts and does it with exceptional all-around value. Built with the latest high-performance Intel Core or Xeon processors and NVIDIA RTX graphics, this powerful entry workstation is offered in two form factor options for ultimate workspace flexibility.

Taking entry level to the next level, the P350 offers PCIe Gen 4 for faster advanced cutting-edge storage technologies, as well as unmatched professional graphics support. The perfect workstation solution for designers, engineers, and students looking for versatility, flexibility, and breakthrough performance – the **ThinkStation P350** provides the value you need without compromising on compute power.

FEATURES

- Up to Intel® Xeon® W-Series or 11th Gen Intel® Core™ processors
- Up to 750W power supply1 (up to 92% efficient)
- Dual M.2 NVMe PCIe storage with RAID capability
- Support for VR-ready NVIDIA RTX™ A50001 graphics card
- Up to 128GB, 3200MHz memory
- 3 DisplayPort™ ports2 on board, up to 11 independent displays

ThinkCentre Neo 30a 24

MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

ThinkCentre Neo series offers organizations enhanced manageability and security features, along with additional configuration and expansion options.

ThinkCentre Neo 30a 24

Designed for modern businesses that demand work devices with faster computing and better collaboration features. Equipped with the higher processing power of up to 12th Gen Intel Core processor, and storage of up to 1TB HDD plus up to 512GB M.2 SSD, it helps boost everyday productivity. Discrete Intel UHD graphics enables faster responsiveness for enhanced content creation and editing experience. Firmware TPM 2.0 encrypts data end-to-end.

REASONS TO BUY

A 23.8" FHD screen with 250 nits brightness gives clear visuals and the anti-glare technology protects the eyes during extended usage. Harman speakers with dual-array microphones deliver clear sound quality during calls or meetings.

Equipped with high-speed USB ports like USB 3.2 Gen2, USB 2.0 and HDMI ports for better collaboration and faster video and data transfers.

The device is energy-efficient, with Energy Star 8.0 and EPEAT Silver certifications, ensuring businesses can reduce their environmental impact.
